

A REALTOR'S GUIDE TO MORTGAGE

PRE-QUALIFICATION 101

Always have clients get pre-qualified before house hunting.

This helps to identify a price range, down payment amount, and set realistic expectations.

Always submit a pre-qualification letter with the offer.

The offer will look more attractive to the seller.

Borrowers can easily apply online.

They will need to verify aspects of their finances and history, such as income and employment, assets, and credit.

A pre-qualification can take as little as 15 minutes.

Our online application makes it quick and easy, as long as the borrower provides all necessary information.

A mortgage pre-qualification is best qualified by pulling credit.

This likely affects the borrower's credit score, however, very little.

GOOD TO KNOW

✓ **The minimum down payment is not always 20%. Clients may qualify for loan types with 0% down.**

✓ **Buyers should never make big purchases, open or close credit lines, or change jobs during the loan process.**

✓ **Credit scores of 720+ have the best chance at better mortgage terms, but lower scores still have options too.**

✓ **Down-payment gifts can be accepted for some loan types.**

✓ **Down payment assistance programs are available for qualified buyers.**
